TIME IT

uw stappenplan (Real Time) in de hand!

Time IT can be purchased for a fixed price and yearly support costs
or rented for a period of one year including support costs.

The prices are excluding training.
Regarding the communication modem an overview of recommended
and tested modems shall be issued.
Upon purchase, support costs are in force starting from the 1st year;
The rental prices are in force for the period of 1 year and include support costs;
Training days @ € 1,100,- excluding travel and lodging costs are invoiced separately.
Per training day there is a limit of 10 people.

Support costs signify that at least once a year an upgrade
of the software takes place. This upgrade
contains, among other things, solutions to bugs and expansion of the
functionality on the basis of requirements of the users.

The purchase prices are excluding installation costs on site. It is assumed that the installation can be performed
independently, on the basis of an extensive installation manual.
If expertise is still needed, this shall be calculated separately at an hourly rate
of € 120.00 excluding travel and lodging costs.

The prices are calculated as follows:
* all employees which are using Time IT
* all employees which are involved in executing of the activities
* all people which will are involved with the communication.

All prices mentioned are excluding VAT
